Technical indicator descriptions	IS: Phase 2 EMCS			
Target title for 2015/16	Identify the title of the target			
APP 1.2.2	Phase 2 of EMCS implemented in line with new Immigration Regulations			
Indicator / Measure title	Identify the title of the indicator			
	Implementation of Phase 2 of EMCS in line with new Immigration Regulations (2015/16)			
Short definition	Provide a brief explanation of what the indicator is with enough detail to give a general understanding of the indicator			
	The implementation of the phase 2 EMCS will address the new legislation requirements.			
Purpose/importance	Explain what the indicator is intended to show and why it is important			
	To align EMCS with new legislation to improve immigration management and improve security at Border posts			
Source documentation/information used	Describe where the information comes from i.e. source of information that is used as a basis for actual performance achievements			
	IMS Business Requirements Specification			
Description of the source	A description of where the information originates from - by indicating name of responsible unit, person/designation etc.			
	A/DDG:IS			
Description of processing activities	Document the understanding for the performance processing for each target			
(where applicable).				
	Refer to activity sheet			
Standard operating procedure	For each indicator or target indicate the standard operating procedure (where applicable)			
	N/A			

EMCS  Type of system  Electronic or manual  Electronic  Method of calculation  Describe clearly and specifically how the indicator is calculated  System tested against approved business requirements and able to perform as envisaged  Baseline calculated against  Indicate the performance as at the end of previous financial year  EMCS rolled out to 60 POEs (=estimated performance 2014/15)  Availability of total population  The total population refers to the number and / or list of all members in a defined group. (If the indicator is a rate or percentage, indicate the numerator)

	3. Activities/steps that goes into reporting at business level?			
	Collation 3 monthly reports; sign-off by senior managers and DDG, annual reporting against annual target			
Frequency of reporting on this indicator	Indicate: e.g. monthly, quarterly and annually			
	Quarterly and annually			
Desired performance	Identify whether actual performance that is higher or lower than the targeted performance is desirable			
	System tested against approved functional specifications and able to perform as envisaged			
New indicator:	Identifies whether the indicator is new, has significantly changed, or continues without change from the previous year.			
	No No			
Calculation type:	Identifies whether the reported performance is cumulative, or non-cumulative			
	Non-cumulative			
Type of indicator:	Identifies whether the indicator is measuring inputs, activities, outputs, outcomes or impact, or some other dimension of performance such as efficiency, economy or equity.			
	Activity (target)
